

Letter from Alexander Graham Bell to Mabel Hubbard Bell, November 9, 1901, with transcript, with transcript

L Copy of a letter from Dr. Bell to Mrs. Bell. Beinn Bhreagh, Victoria County, Cape Breton, N. S., Nov. 9, 1901. Mrs. A. G. Bell, Washington, D. C. Dear Mabel:

I enclose notes for Miss Safford to typewrite referred to in yesterday's letter — also printed notice of lecture to be preserved.

Had a small but good audience last night for my first lecture on Aerial Navigation, about 50 people present. George McCurdy handled lantern slides well.

Going into office yesterday I came across two cheques signed by you lying on desk dated Oct. 21, 1899! One to Chas. F. Thompson for \$50.00 the other to Maria Haliburton! for \$18.00. As I do not know what they mean I have cancelled them and enclose them to you. You can make out other cheques if necessary with a more modern date upon them.

Just going to laboratory but will send this off now in case I cannot get anything else ready before mail goes this evening.

Your loving husband, Alec.
